

AKRON CHILDREN'S MUSEUM

A Summit DD Social Story

When we come in, we have to stop here first. I might have to wait in line, but I'll be ok.

Curtain Call Theater

When I play dress-up, I can put these clothes over my own clothes and pretend to be someone new.

I have to share and take turns when other kids are here.

Sensory Space

When I shake, dig and dump the corn, I have to keep it in the bin. When other kids are here, I have to share and take turns.

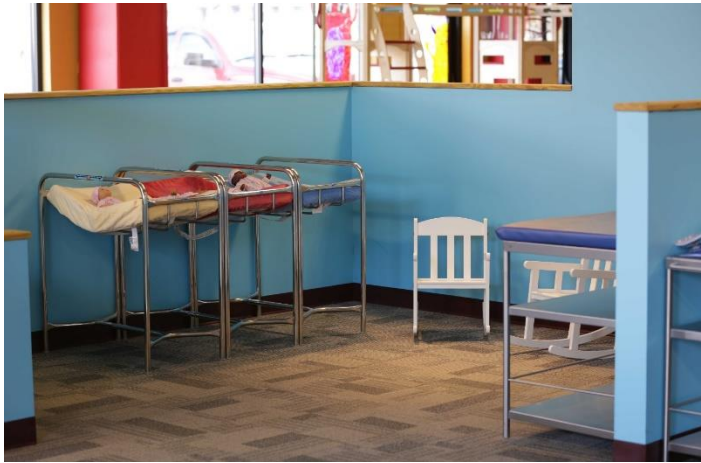

Grammie's Kitchen and Down on the Farm

The kitchen and farm can be very busy and loud, but I'll be ok. I have to share with other kids, too.

Healthy Lil' Monsters

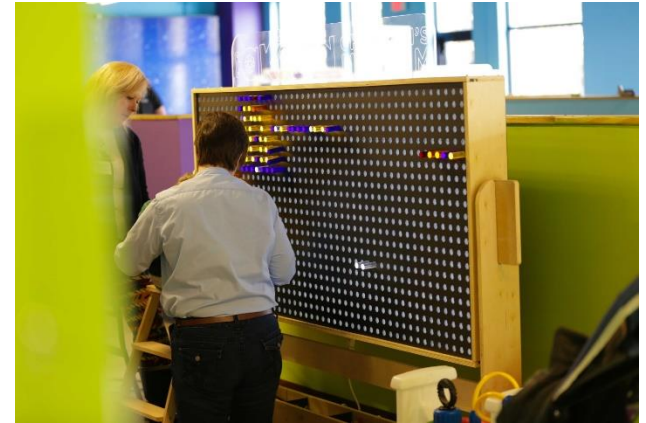

I can pretend I'm a doctor and take care of pets and babies. I can't take these toys home with me. They stay here.

Light Table and Lite Bright

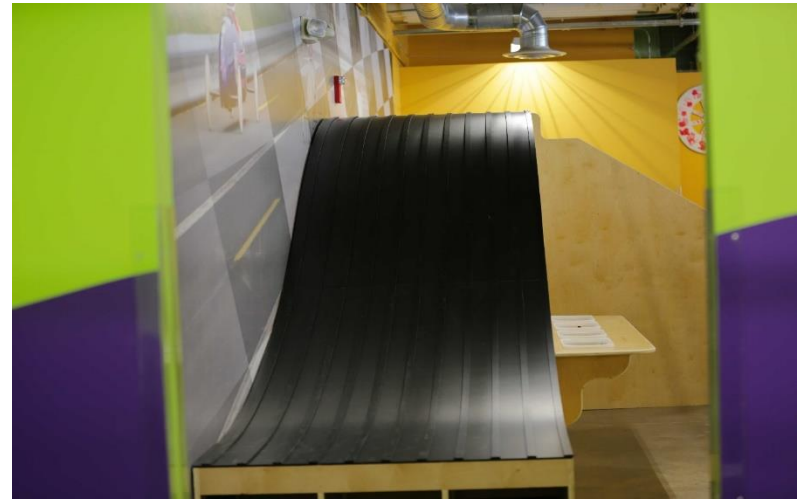

This room is dark, but it's not scary. I can make pictures with the light and these toys.

When it's busy, I have to wait my turn and share.

Derby Town

When it's busy, I have to wait on the stairs before I can watch my car go down. I can't take these toy cars home with me. They stay here.

Lighter Than Air

These use air to blow toys around. I can push the button to make it work. When it's busy, I have to wait to take my turn.

The Nest

The Nest is full of soft pillows and is a nice place to play or to sit and calm down if I need it.

Let's Keep Playing

There are so many fun things to do here, and sometimes it gets noisy. I'll be ok.

I have to be careful, follow the rules and wait for my turn so that we all have fun!
