

I am going to the
Akron Children's Museum
today!

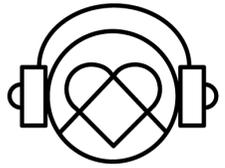

Today I am going to the Akron Children's Museum. The museum allows me to explore, imagine, create, construct, let loose and learn.

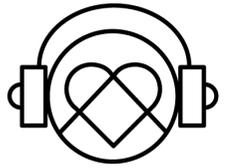

When I get to the museum, I will enter with my family or group. I might have to line up to go in especially if there are a lot of people there as well waiting to get in.

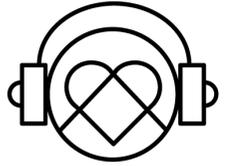

I can get a sensory bag at the guest services counter when I enter.

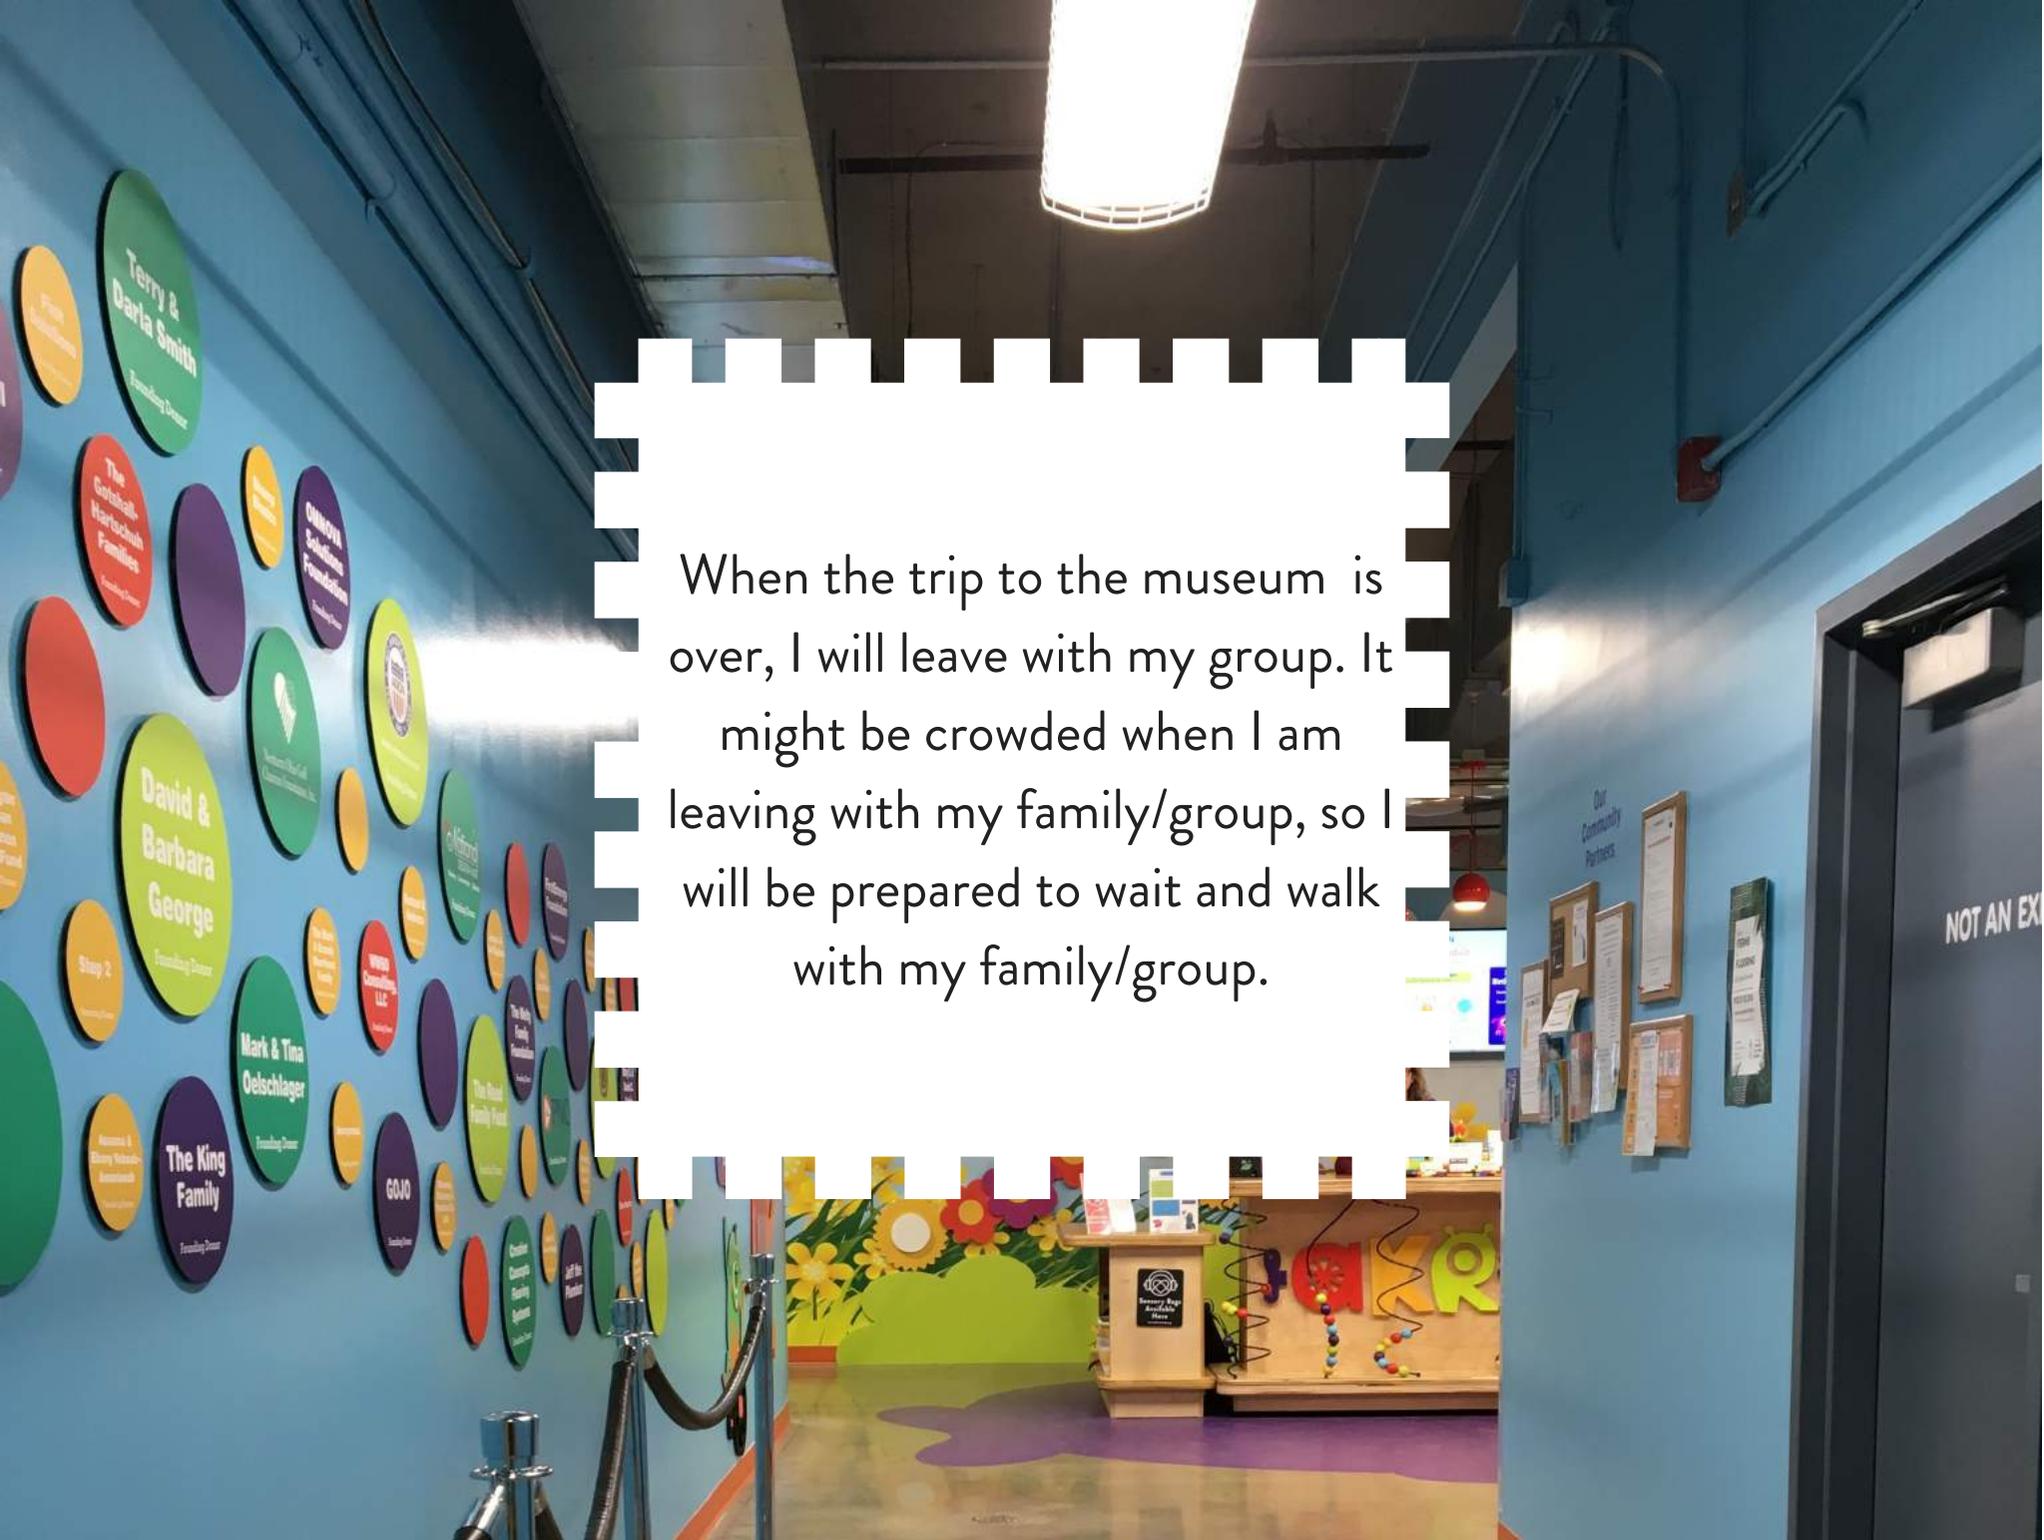

There are items in the sensory bag that will help me feel calm. I can use the headphones and the fidget tools in my sensory bag to help me stay calm and enjoy the museum with my group/family.

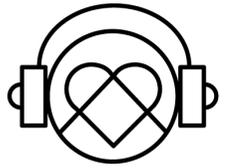

As I walk through the museum, I might see signs that says Headphone Zone. This sign tells me that the area where the sign is may get loud so I might need to put on my headphones.

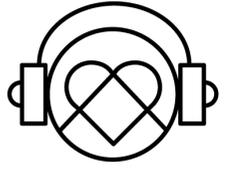

When the trip to the museum is over, I will leave with my group. It might be crowded when I am leaving with my family/group, so I will be prepared to wait and walk with my family/group.

Knowing what to expect when I go to the Akron Children's Museum will help me stay calm and enjoy my visit!

I can't wait to come back to the musuem!

I had a great day at
the Akron Children's Museum !
